so that you may have some wonderful tulip blooms, the
envy of all your neighbors next Spring.

GLEN BROTHERS, Inc.
Nurserymen and Bulb Importers
ROCHESTER ~ NEW YORK

Established 1866

Varieties of Darwin Tulips

with LARGE FLOWERS on LONG STEMS

ANTON ROOZEN—Vivid rose-pink with white base, marked blue. Handsome and beautiful. *Length of stem 25 inches.*

GLOW—Dazzling vermillion scarlet, white base with blue markings. A very beautiful tulip—like a large poppy, so brilliant in color. A splendid variety. *Length of stem 24 inches.*

DREAM—Beautiful soft, uniform lilac. Large flowers of perfect shape. *Length of stem 26 inches.*

FARNCOMBE SANDERS—Fiery rose-scarlet, inside vivid cerise scarlet with white center, marked blue. Large, broad petaled flower of perfect shape. One of the finest sorts, if not the finest, of all red and salmon color varieties. *Length of stem 25 inches.*

REV. H. EWBANK—Vivid heliotrope lilac. Likely bordered. Magnificent flower. Extremely beautiful outside and a beautiful tulip when forced. *Length of stem 24 inches.*

INGLESCOMBE YELLOW—Large flower of perfect form. Glossy canary-yellow. Very beautiful. *Length of stem 24 inches.*

PAINTED LADY—Creamy white, faintly tinged. Soft heliotrope when opening. A very beautiful flower, resembling a Water Lily. *Length of stem 27 inches.*

SUZON—Soft buff rose, shading to blush at margin of petals. Inside, soft flesh pink with white center. Very large, erect flower of delightful shade. *Length of stem 25 inches.*

NAUTICUS—Glowing dark cerise rose. Center dark violet shaded bronze. Large and handsome. One of the best. *Length of stem 30 inches.*

PRIDE OF HAARLEM—Bright rose suffused with purple. An enormous flower of superb form and grand beauty. A stately plant for borders and amongst shrubs. For groups this variety is unsurpassed both for its glorious color and its stately habit. *Length of stem 28 inches.*

NOTE—On account of the extremely low price not less than 100 bulbs can be sold to a customer.

You cannot have beautiful, long-stemmed blooms
unless you plant the right kind of bulbs

!

Here is What Some of Our Last Season's Customers Say About our Darwin Tulip Bulbs

From WALTER OSSMAN, 1077 East 31st St., Brooklyn, N. Y.

"Kindly send me 100 Giant Darwin Tulips. The ones you sent me last year turned out to be prizes. Had stems 26½" long."

From HARRY N. REESE, 1601 Washington Blvd., Baltimore, Md.

"The Tulip season here is over. The 200 from you last Fall were the 'IT' of the neighborhood."

From W. MURRAY BEACHTEL, Hagerstown, Md.

"I purchased 1000 bulbs from you last Fall which were absolutely satisfactory, so much so that I believe I should like to use another 1000 this fall."

From ST. MARY WHEEL & SPOKE CO., St. Marys, Ohio.

"The Tulips we purchased last year have attracted so much attention among our employees that we are able to give you an order for 1600 bulbs in the following quantities."

From M. J. McCOMB, Grafton, Ont., Canada.

"Last year I bought 100 Darwin Tulips from you people for \$3.50. They were a gorgeous surprise to me and the town. Please send me another 100."

A BIT OF COLOR IN THE SPRING IS WORTH MANY TIMES ITS COST

Single Early Tulip Bulbs

(Large Size Bulbs)

\$3.50 per 100 \$16.50 per 500 \$30.00 per 1000

Artus—Dark scarlet, large elegant flower, splendid for bedding.

Buttercup—Pure golden yellow, large flower, the earliest of the yellow tulips.

Cardinal's Hat—Dark brownish red.

Cramoisi Brilliant—Brilliant red, large flower, a good variety for bedding and forcing.

Fred Moore—Bright orange, scarlet shaded, early forcer.

Jacoba Van Beyeren—Pure white, useful for growing cool for late purposes.

La Reine—White and if grown cool rose shaded.

Pottebakker Scarlet—*Verboom*, bright scarlet, large flower.

President Lincoln—*Queen of the Violets*, light violet with white base.

Standard Royal—Red and gold striped.

Choice Lilies

Special collection of six varieties best hardy lilies \$3.00. No class of plants capable of being cultivated out of doors possesses so many charms. Rich and varied in color—stately and handsome in habit—profuse in variety and delicious fragrance. They thrive best in dry rich soil where water will not

stand in winter. After planting they require very little care and should not be disturbed for several years.

Madonna Lily—The old fashioned pure white garden lily. One of the hardiest.

Auratum Lily—*Gold-banded lily of Japan*. Flowers very large, delicate ivory white color thickly dotted with rich chocolate crimson spots with the bright golden bands through the center of each petal. The finest of all lilies.

Tiger Lily—Bright orange scarlet with dark spots. A strong growing, showy variety and entirely hardy. Succeeds well everywhere.

Superbum—Averages from 3 to 6 ft. in height. Its nodding crests adding to the general brilliancy of July with from 5 to 40 handsome orange red blossoms.

Speciosum Album—Pure white with a green band traversing the center of each petal.

Henryi—*Yellow Speciosum*. One of the finest hardy lilies of strong, vigorous growth with flower stalks 3 to 5 ft. long. Deep apricot yellow, light and spotted brown.

This splendid collection of six large size bulbs only \$3.00

Hyacinths

\$ 2.00 per 12

\$15.00 per 100

Not one poor variety in the following list:

Gertrude—Rosypink compact flower, good forcing variety, profitable for market work. Also excellent for bedding. *Single*

EXTRA-LARGE, EXTRA-OLD, EXTRA-FINE

Inquiries for older and larger fruit trees than those usually offered by nurserymen are becoming more numerous each year. These inquiries make it evident that many people prefer older and larger trees for quicker results.

To those who desire such trees, we offer the following assortment—but you must order now.

Apples—Yellow Transparent, Maiden Blush, Oldenburg, Twenty-Ounce, Delicious, McIntosh, Northern Spy, Wealthy.

Pears—Bartlett, Clapp's Favorite, Angouleme, Anjou, Kieffer.

Plums—Bradshaw, Grand Duke, German Prune, Green Gage, Abundance, Burbank, Wickson.

Cherries—Dikeman, Napoleon, Tartarian, Governor Wood.

Just a few of the Super-size 4 year old apple, large, beautiful trees; straight trunks, well shaped, branched tops. Note how they tower over the small evergreens in the foreground which average about 3 feet in height.

Big, Juicy Grapes for Delicious Grape Juice

PLANT · THIS · FALL

Lexington, Ky.,
Feb'y 23, 1927

GLEN BROTHERS, INC.
Rochester, N. Y.

Dear Sirs:

*Two or three years ago, while living in the Kentucky mountains, at Coxton, I bought from you a Niagara grape **that bore the year it was set out.** I am now living at Lexington, Ky., and have a little room in my yard for a few vines. I want one each of a Niagara, Delaware and Champagne grape that will bear this year. Have you them? If so, please let me know the price.*

Truly yours,
F. A. ATKINS

463 Oldham Avenue

Nothing Quite So Sure to Grow, Nothing Quite So Sure to Bear,
Nothing Quite So Sure to Please Every Taste

Extra Heavy 3-Year Old Vines

Planted This Fall, Should Produce Fruit Next Autumn
(Read the Accompanying Letter From One of Our Customers)

Best Varieties for Grape Juice

CONCORD— (black) Large and handsome, very hardy, productive and reliable; succeeds well over a great extent of country, and is one of the most popular market grapes.

IVES— (black) Bunch extremely large, shouldered, compact, handsome; Berry—large, tender, juicy,

sprightly vinous, rich, sweet without pulp. Vine is vigorous, healthy, hardy,

CATAWBA— (red) Bunches large and loose; berries large, of coppery red color, becoming purplish when well ripened; vinous, rich.

Best Varieties for Eating Fresh

CAMPBELL'S EARLY (black) Clusters large and handsome; berries large, nearly round, black with light purple bloom; flesh rather firm, but tender; quality rich, sweet, slightly vinous; a strong and vigorous grower.

BRIGHTON (red) Flesh rich, sweet, and of the best quality, equal if not superior to Delaware; ripens early. Productive and vigorous.

DELAWARE (red) One of the finest of our native grapes. Ripens early. Bunches small and compact; berries small, light red, with a violet bloom,

beautiful; sweet, sugary and vinous, with a musky aroma.

LUCILE (red) Bunches very large and compact; berries large, rich dark red; pulp sweet and delicious; vine extremely hardy, healthy, and bears tremendous crops.

NIAGARA (white) Bunch medium to large, compact, occasionally shouldered; berry large, roundish, uniform; skin thin but tough, pale green, changing to pale yellow, with a thin whitish bloom; flesh slightly pulpy, tender, sweet; ripens with the Concord.

ONE EACH OF THE FOLLOWING SPLENDID VARIETIES

GOLDEN-LEAF ELDER—Handsome golden yellow foliage; flowers white in Cymes, 3 to 10 inches across; fruit purplish.

FORSYTHIA—Golden yellow flowers borne in great profusion along the branches before leaves appear.

MOCK ORANGE—A medium size shrub with graceful branches; flowers pure white, very fragrant.

SNOWBALL—Upright bushy shrub, foliage changes to purple and red, flowers white in May, berries blue-black.

HONEYSUCKLE PINK—Fragrant pink flowers in May and June; red orange fruit.

HONEYSUCKLE WHITE—Similar to the pink, flowers large, color white, bright red berries.

SPIREA VANHOUTTEI—Height 6 feet; in early Spring literally covered with small double white flowers; Autumn leaves orange and scarlet.

SNOWBERRY—Height 3 to 5 feet, pinkish flowers, white berries.

CORAL BERRY—Plump red fruit clustered along the branches, beautiful green foliage, flowers white.

HYDRANGEA PANICULATA—The hardiest and most popular Hydrangea. In July and August massive plumes of white flowers later change to pink, bend the branches with their weight.

DOGWOOD—A hardy ornamental shrub with handsome foliage, attractive flowers, conspicuous berries and brightly colored bark.

SYRINGA—Height 8 feet, large pure white fragrant flowers.
